How to use these pages

A short, flexible weather routine for home, nursery or group time.

1

Print the weather choice sheet. Add the symbol cards for hands-on play.

2

Look outside together. Ask what the child can see, hear or feel.

3

Tick one or more pictures on the sheet. Mixed weather is fine too.

4

Talk about useful clothes and try the clothing matching activity.

5

Take the I can see... checklist on a walk and notice what changes.

Keep it safe and simple

Supervise cut-out cards and never let children taste unknown plants or berries.

Today's weather

Look outside. What is the weather like today? Tick one or more.

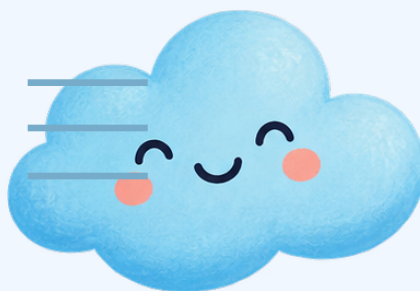

sunny

cloudy

rainy

windy

I notice:

What can you see, hear or feel?

Weather symbol cards

Cut around the cards. Offer two choices at first.

What could we wear?

Choose clothes that could help in today's weather. More than one answer can make sense.

Wet or cool

Place clothing cards here

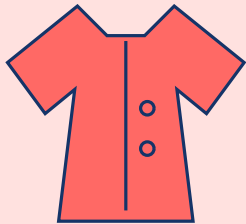

Warm or bright

Place clothing cards here

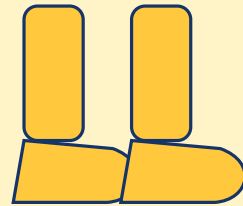

Talk about why each choice might help. Try adding real clothes after the matching game.

Clothing cards

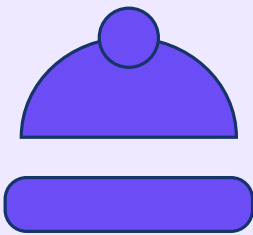

Cut, name and match. Add real clothes to make the conversation concrete.
